

Australian Men's Shed Association

SHOULDER TO SHOULDER

The Shed Wireless

Episode 4 | Season 2

Shed in the Spotlight Leschenault Men's Shed PLUS special guest Colin Hay

It's the wireless you'd listen to if you were in the Shed...or give to Dad on Father's Day!

- It's the FATHER'S DAY SPECIAL. There's some honest discussion about connecting (or not) with your dad or son, including why hugs and kisses can still feel a bit awkward sometimes.
- Leschenault Men's Shed in WA is our Shed in the Spotlight and talk everything from cray pots to cubbies.
- Legendary muso Colin Hay of Men-at-Work fame is our special guest.
- Ask-the-Doc is your opportunity to get up-to-date male health medical info. As you'll hear, there's so much to know about prostate health and treatment options for prostate cancer.
- Resident funny guy Rip Woodchip helps you see the light (and softer) side.

Hosted by Aaron Kearney and Executive Officer of the Australian Men's Shed Association David Helmers.

"I'm a COVID survivor but I feel different on the inside": Tom shares his story

In his own words, Men's Shed member Tom Wolf writes about his experience with the dreaded coronavirus.

"I spent 19 days in St Vincents Hospital including 5 days on a ventilator, 14 days altogether under sedation and in an induced coma," says Tom.
