

Supporting Community Recovery

Tuesday 7 June 2022

Gracemere SES Building –
Barry Street

9:00AM – 12:30PM

Free workshop

This training is open to community members, service providers, community-based organisations. You don't need a particular role or skill to attend.

This **free** workshop provides participants with:

An in-depth **understanding** of disasters' long-term impacts

An **opportunity** to identify and leverage existing **strengths** in your community to support its recovery.

Strategies to take care of yourself and those around you in challenging times.

Limited spaces available, please register to attend:
